Mrs. Carol Smith,

This is a follow up letter to the conversation that was held in my office on June 9, 2009 with you, John Gerber, and myself.

With regard to the first area of concern, I acknowledge the date should have been Thursday, June 4, 2009 and not Wednesday, June 3, 2009. I understand that you were late to class because you met with a student. I spoke to the student who confirmed your conversation. I want to emphasize that being on time and in attendance at the beginning of class is good professional conduct and that student meetings must be scheduled accordingly.

With regard to the second area of concern, I have written communication from faculty confirming that you fell asleep during Mr. McVeigh's fifth period social studies class. As a result of this unprofessional behavior, I would recommend to the Superintendent of Perkins School District an additional suspension be issued. By contract, only the superintendent has the authority to suspend a staff member, as such I must turn this matter over to the superintendent of Perkins Schools.

With regard to the final area of concern, I acknowledge that you were not specifically instructed to remain in Mr. McVeigh's fifth period study hall to discuss curricular matters.

Sincerely,

Chris J. Gasteier

on behalf of Chris Gasteier

John Gerber, PEA President
